TECH IN THE CLASSROOM

HOW WILL CORPUS CHRISTI E-LEARNING BE DIFFERENT THIS TIME AROUND?

We are working hard to prepare for every scenario that might come our way! Should the need arise to offer remote learning at some point during the year, Corpus Christi is 100% committed to delivering live instruction, one-on-one meetings with students, and small group activities. Our goal is to set up each classroom with the capability to live-stream lessons and for students and teachers to interact in real time. Our teachers will be utilizing the platform "SeeSaw" to upload assignments, videos, and more. Stay tuned for more information!

SAVE THE DATE!
Our 2020-2021 Open House will be held on Tuesday, August 11th from 1:00-6:00 pm. We will be creating a Sign Up Genius that allows families to pick a time that works best for them. Families are encouraged to quickly drop off supplies or pick up prepackaged supplies to label in their child's homeroom and exit the building. We're taking every precaution we can to ensure a safe and healthy environment for all our families! We're looking forward to seeing you soon!

Please make sure to read over the Office of Catholic Schools Reopening Plan. As questions arise, especially about our Virtual Academy, I'll make sure to address them in our upcoming newsletter!

We're excited to offer our Virtual Academy in addition to having our students back 5 days a week for the 2020-2021 school year!

A few tips on things to talk about with your child

- Talk about temperature checks! We will begin taking temperatures upon arrival to school.
- Encourage social distancing at events by setting the example for your child.
- Have conversations about why social distancing is important.
- Begin looking for and practice wearing cloth face masks (3-5 for sanitary reasons).
- Washing hands for 20 seconds.
We understand multiple stops means additional inconvenience to our families, which is why we're extending our drop-off window and starting our pick-up window earlier.
